Renter Occupied	21.2%	23.7%	18.8%	19.7%

Percentage of Population by Age¹

Age Groups	City		County	
	2010	2020	2010	2020
17 or younger	21.6%	24.6%	24.1%	23.9%
18 - 44	25.2%	28.6%	28.1%	26.8%
45 - 64	26.1%	18.4%	28.1%	26.3%
65 or older	27.0%	28.6%	19.8%	23.0%
Median ⁴ Age (years)	49.0	41.0	43.3	44.4
Age Dependency ^{a, 5}	94.6	113.2	78.3	88.3
Old-Age	52.5	60.9	35.3	43.3
Child	42.0	52.3	43.0	45.0

^aAge Dependency Ratio

Cantril, Iowa Population Pyramid, ^a 2020¹

^aEach bar represents the percentage that each age-sex group comprises of the total population.

Notes and Source Information:

¹ U.S. Census Bureau; Decennial Censuses 1940 - 2020

² U.S. Census Bureau; American Community Survey 2018-2022

³ For the 2020 Decennial Census, households are divided into subcategories by two different methods. One method (family or nonfamily) is based on the presence or absence of family relationships among the household members and the householder. Using family relationships (birth, marriage, or adoption) has been the usual way to classify households, and the data using this method has good comparability between 2010 and 2020. In 2020, the Census Bureau introduced an additional method to divide households into subcategories. This second method (couple or noncouple) is based on the presence or absence of a couple relationship for the householder. The relationship can be as a married spouse or as an unmarried partner and can be of the opposite or same sex. The 2020 data reported for the second method (except for married couples) does not have good comparability with data from 2010. For smaller towns, the couple or noncouple data are omitted in this profile.

⁴ Median is the middle value of a distribution.

⁵ The age dependency ratio compares, by age, those typically not in the labor force with those who typically are in the labor force. Old Age dependency is persons 65+ per 100 persons age 18-64. Child dependency is persons under age 18 per 100 persons age 18-64. The total age dependency ratio is persons under age 18 plus persons 65 or older per 100 persons age 18-64.
